## CLUSTERS' CREATE CHUCKLES

Looking at the most recent DVDs available from the founder of the Laughter Club Movement Dr Madan Kataria, it shows clubs from all around the world doing what we do best – laughing in a group.

It appears that when people stand around in a 'cluster' (people huddling together in a crowd) with the leader in the front, or in a semi circle with the leader out the front – people passing by feel comfortable and are more likely to join in.

Laughter sessions that have this format encourage people to be part of the group knowing that the leader will take them through a variety of laughs and they will be able to enjoy being part of it.

Imagine if we had hundreds of clusters and they all joined together. It would form one huge laugh and we could make the wish of Dr Kataria come true – to have world peace through laughter!

## AUSTRALASIAN LAUGHTER CONFERENCE

Those who were there laughed from sunup to sunset, and more. People from across the seas came to share laughs, talk about the way laughter yoga has taken their country by storm and listened to speakers about their laughter journey.

Dr Madan Kataria and his wife Madhuri, the co-founders of the worldwide laughter movement spoke about the rapid growth of laughter clubs around the globe.

Victorian Laughter Clubs were well represented in the conference with members from several clubs, and Bronwyn (LC Mitcham [who are to be congratulated for having the biggest contingent of attendees]) and Phillipa (LC Geelong) MCing and Greg Govinda (LC Daylesford) giving a very insightful presentation about his laughter journey

Congratulations and thanks go to Merv Neal for organising the Conference. Mark out the third weekend in August 2009 for the next Laughter Conference, as a must do event.

## MEDIA COVERAGE

Laughter yoga is constantly receiving media coverage as people become aware of the fun, free, and fantastic results that can be had, just from laughing. Our recent exposure includes ...

Damian from Laughter Club St Kilda did an on line TV episode for a website VIVECOOLCity.com. The viewing demographics is the under 35 year olds, and it appears there is an interest from that age group.

10 laughter club members chuckled along with President Bronwyn from Laughter Club Mitcham when she was interviewed on 774 ABC Radio by Derek Guille and Tracy Harvey. The messages about the benefits of laughter were spoken about at length and laughers from South Yarra, Federation Square, Nunawading and Mitcham gave their individual thoughts too.

Secretary Phillipa from Laughter Club Geelong was recently interviewed in the second edition of Empowered, a new magazine targeted at females under 35. The article on the benefits of laughter included an item quoting one of the members from the club who spoke of the benefits she has received since she became a member earlier this year.

## CLUB NEWS

Volunteer laughter leaders who have attended workshops and received certification run their individual laughter clubs. Those listed under the LCVi banner make sure the details of their club s such as date, time, venue is up-to-date at all times; they have the pleasant task of running the laughter session whenever they meet; and if they aren't able to attend they have an 'anchor' person step up to the lead the laughter.

**Laughter Club Federation Square** meets on the first Sunday of every month at 11:00am and is a special club. It is sponsored by Federation Square and has a different leader each month. Most months you will see laughter club members in the LCVi purple and yellow t-shirts, sharing a laugh in front of the flagpoles on Swanston Street.

We need your help to grow the club – Federation Square would like to see hundreds of people join in each month and the vision is to have a laughter session run weekly, then daily. Looking to the future we could see people being part of the 'cluster' of laughers for just a few chuckles, then heading off to work less stressed more energised and hopefully happier.

Please tell your friends and take your family and help to swell the numbers so that we are the talk of Melbourne! First Sunday of every month, whatever the weather, for half an hour of fun followed by coffee and a chat.

## LAUGH OF THE MONTH

**FIND YOUR LAUGHTER CENTRE:** Probe your head with one finger as if looking for your laughter centre. Imagine that each spot you push on triggers a different laughter sound. Walk around and compare findings with other participants.
